

## MAP G DPA#2 Groundwater Protection

### LEGEND

- |                                                                                                                            |                                                                                                                  |
|----------------------------------------------------------------------------------------------------------------------------|------------------------------------------------------------------------------------------------------------------|
|  DPA#2 Groundwater Protection           | <b>Other:</b>                                                                                                    |
|  Village Water Supply Area              |  Village Municipal Boundary   |
|  Village Pumping Well (Coal Creek Well) |  CVRD Electoral Area Boundary |
- Hydrology:**
-  Ditch
  -  River or Stream
  -  Wetland
  -  Waterbody
  -  Groundwater Aquifer
  -  Comox Lake Watershed

**Notes:**  
Village water supply aquifer approximate location and extent as drawn by GEC Gupton Environmental Consulting Ltd., in 2011.

The area of the groundwater aquifer corresponds to Aquifer 417 Puntledge/Cumberland, an unconsolidated aquifer with high vulnerability to surface contamination, mapped and described by the BC Government in 2019.

0 0.25 0.5 1 1.5 2 Kilometers

This map has been compiled by the CVRD for the Village of Cumberland. Neither the Village nor the CVRD accept responsibility or liability for any errors, omissions or inaccuracies of the supporting data.
