

PROJECT OVERVIEW

Welcome to the community event for the Lancaster Park Concept Plan process.
Please feel free to browse these boards to familiarize yourself with the project and the ideas being discussed today.

Why are we here today?

- ▶ We're creating a Concept Plan for Lancaster Park and need your help!
- ▶ The Concept Plan will guide improvement and investment in the park over the next 5 -10 years.
- ▶ In this phase, the draft concept being explored (from June-July 2026) was informed by community engagement and input from the Parks and Trails Master Plan, staff input, and technical analysis.

Your input!

- ▶ What do you think about the draft plan ideas? What are your priorities?
- ▶ Your input will inform priorities and revisions to finalize the Concept Plan.
- ▶ We look forward to hearing from you!

How to provide your input

TALK WITH US!

Context

As the neighbourhood surrounding Lancaster Park grows and densifies, access to high-quality active park amenities is increasingly important.

As an outcome of the Parks and Trails Master Plan, Lancaster Park is classified as a Community Park.

The park is an active destination for the area and will become more active as the neighbourhood grows.

The park is well connected to greenways (multi-use paths) and pedestrian routes (e.g., McDonald Greenway, Guthrie Road, Hawk Greenway [Courtenay])
