

PARK CONCEPT SKETCH

CONCEPT DESIGN MOVES

- ▶ Carefully locate new amenities and activity areas to retain existing trees wherever possible and protect the park's established character.
- ▶ Expand family-focused recreation through new play areas, water play, nature play, picnic facilities, and gathering spaces.
- ▶ Improve accessibility, comfort, and safety through new pathways, park access, shade, seating, and washroom facilities.
- ▶ Expand the existing tree canopy through strategic planting to improve shade, comfort, and long-term resilience.
- ▶ Build on the existing dense treed areas and duck pond, to strengthen connections with nature.
- ▶ Preserve flexible green space while enhancing opportunities for play, gathering, and relaxation.

PARK IDEAS LIST
